Beautifully proportioned to the CLASSIC FORD LOOK

An honor to be proud of, this is the medal presented by the international fashion authority, Centro per L'Alta Moda Italiana, to the 1961 Ford for functional expression of *classic beauty.*

A magnificent view . . . the '61 Ford Galaxie Club Victoria . . . the Villa d'Este over Rome.

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

You are looking at the trend-setting car of our times, the '61 Ford . . . a car whose clean and classic profile is unmatched by any other in the world. Just one glance at the Big Circle taillights and sculptured rear deck, one look at the crisp, fresh front-end design and you'll know the '61 Ford is the classic style of the Nineteen Sixties.

Here is a Ford that is not only new in ' '-s and ride and comfort, but new in its entire concept. The '61 Ford is actually built to take care of itself! It lubricates its chassis . . . cleans its own oil . . . adjusts its own brakes . . . protects its own body.

Indeed, here is a car that will save you valuable time and money by doing away with many stops for service.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF . . . THE FIRST 1000 CAR DEALER-WARRANTED FOR 12,000 MILES OR ONE FULL YEAR

Lubricates Itself. You'll normally go 50,000 miles without a chassis lubrication.

Cleans Its Own Oil. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

Guards Its Own Muffler. Ford mufflers are double-wrapped and aluminized —normally will last three times as long as ordinary mufflers.

Adjusts Its Own Brakes. New Truck Site brakes adjust themselves automatically.

Protects Its Own Body. All vital underbody parts are specially processed to resist rust and corrosion, even to getvanishing body panels beneath the doors.

Takes Care of Its Own Finish. New Diamond Lustre Finish never needs wax.

Warranty. The '61 Fords are built so most three principal goals: Ford quality, greatest durability, most reliable operation. Attaining these complete goals—that this has been accomplished, Ford Dealers and the industry is extending their warranty on '61 Fords to 12,000 miles or one full year, whichever comes first. Name That Name

Mrs. Wilkens, our kindergarten teacher, told me this one about her first day of class.

"To get acquainted with the new children," she said, "I go around the classroom and ask them to recite their names."

"What's your name?" I asked one little boy. "Freddie," was the reply. "You mean Frederick," I said. "We use only our proper names in class." So when I asked the next little boy what his name was, he stood up proudly and answered, "Boberick, ma'am!"

From where I sit, Bobby reminds me of folks who ... what's right for ... right for another ... my neighbor ... my having a good ... with supper. In ... only coffee will ... is, a medium ... most other drink. ... matter of personal ... When we can respect ... fellow's opinion as well as our own, we'll have learned a valuable "lesson" in tolerance.

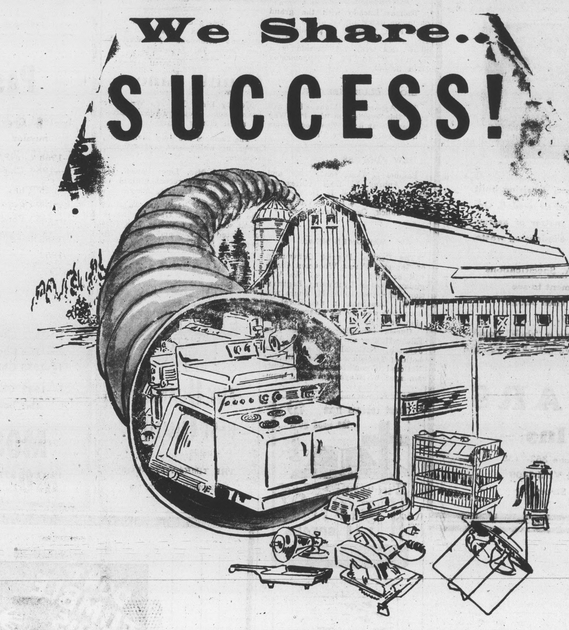
We Share.. SUCCESS!



Scoop up a handfull of soil and you will hold in your hand the miracle of America—something we are proud to share.

America's farms today—rich fertile fields—wellkept livestock—every modern convenience—golden harvest of scores of crops—healthy, happy families—prosperous beyond the wildest dreams of tillers of the soil in many other lands—a success it is a privilege to share.

Retaining the simple ruggedness of their forefathers—liberty loving, God-fearing people—today's American farmer finds time to enjoy the many luxuries of life and educate his children in the world's finest schools and universities—something only we in America can share.

The American farmer carries on the tradition of all the rights for which our forefathers toiled and fought—and is proud to share these treasures with others who will hold them sacred and dear.
